REVISION HISTORY

REVISION NUMBER	DATE	COMMENT
1.0	August 12th, 2013	Adult Education Content – Deliverable 3 of WP-8 – Illustrative Content Development

Content

Introduction	4
1. Augmented Reality Illustrative Content for Adult Education	4
2. Tables of Adult Education Content Applications	5
3. Tables of VET Content Applications (Addition)	8
4. Conclusions.....	10

Introduction

The illustrative adult education content is created for different areas of adult education which serve as examples for the development of brand new augmented reality educational content, according to different level of adult education.

1. Augmented Reality Illustrative Content for Adult Education

In the list below are shown the AR applications made by LARGE partners for **VET and adult** education. The chosen areas are Technology & Transport, Entertainment, First Aid/Safety, Design, Foreign Languages, Tourism, Education.

Different types of AR applications are made- 3D, Video, Image, 3D plus Video.

4. Conclusions

18 applications of illustrative adult education content was planned to prepare.

18 applications of illustrative adult education content were prepared.

8 applications of illustrative VET content was planned to be prepared, based on partners decision.

8 applications of illustrative VET content were prepared.

VET applications are not included in the project work programme. This additional area of education and training was included, based on partner's decision aimed at covering all project target groups.
